

VALDEZ COVID-19 WEEKLY SITUATION UPDATE

Valdez Unified Command

16 JUNE 2020

CURRENT SITUATION OVERVIEW

- **Alaska Case Count:** 676 confirmed: 429 recovered/235 active/12 deaths as of noon 16 June 20. (12 new cases).
 - 77 total non-resident cases in Alaska (54 seafood industry, 10 visitors, 3 tourism, 3 other industry, 3 other 2 airline industry, 1 mining industry, 1 unknown). Includes one case in Valdez, asymptomatic seafood worker, now considered recovered. All contacts cleared as well.
- **Valdez Case Count:** 0 confirmed: 0 recovered/0 active/0 deaths as of noon on 16 June 2020. (1 non-resident case--recovered)
- **State Mandates/Advisories(18 total, 5 active at this time):** Phase 3 and 4 of the 5-phase reopening plan in effect. Everything is open, with a few exceptions: New update to Mandate 10 now in effect, will incorporate testing prior to travel or upon arrival with a follow-up in 10-14 days as a way to bypass 14-day quarantine, large gatherings (250+) must “consult” with public health, State will work with large industries, communities can have more strict measures. Parts of Mandates 15, 17, and 18 described under “special populations” in the Phase 3 & 4 plan also remain in effect.
- **City Mandates (02 total, 0 active):** ~~(#001 rescinded). Mandatory quarantine of intrastate travelers. (#002 expired) PPE preservation.~~ (Non-Mandatory Proclamations) Health and Safety Proclamation. Economic Relief Program: check your mail.
- **Public Messaging Themes:** Physical distancing. Wearing cloth face coverings in public. Keep your bubble small. Hygiene. Information to bolster resiliency & understanding of operational efforts. Kindness, compassion & behavioral health.
- **Community Areas of Concern:** General tension surrounding (1) anticipated influx of workers in commercial fisheries industry, (2) continued integration of medical professionals in local efforts, (3) economic impacts of mandates, (4) complexity of rules vs. advisories as Alaska reopens, (5) masks and social distancing increasingly absent.

PRESENT OBJECTIVES

IN ORDER OF PRIORITY ESTABLISHED 04 MAY 2020

- **Objective 1:** Establish control measures to minimize spread of the virus (Ongoing)
- **Objective 6:** Support Fisheries Task Force (ongoing coordination with commercial and recreational fishing)
- **Objective 7:** Support Businesses & Summer Tourism task force (including advising event planning)
- **Objective 5:** Establish a reserve pool of health care workers (Alternate Care Site, Mass Testing TF)
- **Objective 2:** Strengthen and monitor resiliency of essential services
- **Objective 9:** Coordinate support for community mental wellness
- **Objective 4:** Create a plan for staffing essential functions (ICS 213RR; messaging vacancies.)
- **Objective 8:** Create plans for addressing displaced persons and essential functions (MOUs /Alt Care Site)
- ~~**Objective 3:** Create a plan for the Valdez Patient 1 announcement (Complete.)~~

CURRENT OPERATIONAL EMPHASIS

- **Objective 7: (Business/Tourism Task Force)**
 - Events planning issues driving this task force's increased emphasis
 - Analyze state and local mandates to advise local businesses and community (**including events**)
 - Coordinate/consolidate individual plans into overall plans for tourism operations (**including events**)
 - Disseminate available economic relief resources & information (CARES Act, etc.)
- **Objective 6: (Fisheries Task Force)**
 - ICS Task Force housed in Operations Section. Works in collaboration with Public Health & Medical Branches.
 - Coordination & collaboration regarding worker/community protection plans for fisheries industry operations
 - Analyze fisheries operational agreements at state & local levels. Adopt practices which make sense to Valdez.
 - Agreements with processors signed
 - Coordinating information for sport/personal use fishing operations and inbound commercial vessels.
 - Checkpoint on South Harbor Drive
- **Objective 1 (Minimize Spread) and Objective 5: (Reserve Medical Capacity)**
 - **Alternate Care Site** resourcing and staffing
 - **Mass Testing Task Force** resourcing and staffing
- **Objective 2: (Resilience of Essential Services)**
 - Food Bank temporarily expanded operations.

BUSINESS/TOURIST TASK FORCE UPDATES

- **Inform and advise business owners and the public**
 - Direct liaison with businesses
 - Public messaging
 - Emergency Operations Plan assistance
- **Continued analysis of new mandates and information**
 - Rapidly changing sets of complex rules
 - State Mandates vs. Local Proclamations
 - Mandatory vs. advised procedures
 - Travel mandate requirements vs. advisories vs. exceptions
- **Event planning recommendations**
 - Not approving requests for gatherings requiring city resources
 - Can still provide mitigation recommendations for private gatherings

SEAFOOD TASK FORCE UPDATES

- **Agreements Signed with Processors**
- **Education/testing ongoing with inbound workers**
 - Training (coordinated with Public Health/Valdez Medical Alliance)
 - Valdez Informational Packet
 - Regular meetings
- **Continued analysis of new mandate revisions**
- **Road block/checkpoint (South Harbor Drive)**
 - Now Operational (started 18 May)
- **Status of Positive COVID-19 Case**
 - No additional cases identified
 - This case is considered recovered; containment worked as planned

ALTERNATE CARE SITE

- **Ready when needed on short notice**
- **Location: Valdez High School Gym (assessing alternate locations as Fall approaches)**
- **Set-up led by Dr. Angela Alfaro, supported by City of Valdez and ICS Logistics Section**
- **Managed under PVMC**
- **Materials can be disassembled and stored for quick assembly in future emergencies**
- **Currently 40 Beds**
- **Moderate level of care**

COVID-19 TESTING PLANNING

- **IMT facilitates coordination between Public Health and Hospital**
 - Mass Testing Task Force
 - Authorizations
 - Supplies
 - Personnel
- **Currently testing vulnerable populations and critical workers**
 - Working out bugs for larger scale testing if needed
 - Contingency planning for surge capacity (See draft CONPLAN I I a)
 - Assessing impact of vouchers on consumption rates and staffing
- **Drafting Critical Information Requirement and Contingency Plan**
 - In case testing capacity is overwhelmed
 - Will allow us to connect to state resources

PROPOSED CIR #11: TESTING CAPACITY IS OVERWHELMED OR DISPLACED

- Implement CONPLAN 11a (DRAFT)
- Inform ICs and PIO

City Action: Valdez EOC report to state EOC; Public Health Branch report to DHSS.

PIO: Post messages/press releases to inform public of testing event and location

Logistics:

- Augment testing supply materials acquisition via government channels as necessary
- Coordinate contract with commercial lab

Planning:

- Assist contacting and marshalling of reserve personnel

Operations/Mass Testing TF

- Execute Testing POD to handle overflow as required by hospital and clinic needs

Council Action: inform of condition yellow;

Hospital/clinics/Public Health: be prepared to support Testing POD with pre-training of reserve personnel and authorizations to order tests.

2020 ECONOMIC RELIEF PROGRAM

- **Direct, one-time payment to qualifying households and businesses adversely impacted by the COVID-19 Emergency**
- **Authorized by City Council Resolution on April 28; Funded with 2020 Permanent Fund appropriation (\$2.89MM)**
- **Estimated payment: \$1,750**
- **Household Applicants: one payment per household**
- **Business Applicants:**
 - **Must have business license as of April 15, 2020**
 - **May share an address with household applicant IF it has a distinct Federal Tax ID number**
 - **Sole Proprietorships must have a distinct address from household applicants**
- **The checks are in the mail.**

CIRs AND CONTINGENCY PLANNING

Critical Information Requirements

(Information that drives a decision)

1. New Federal/State Directives
- ~~2. First confirmed local case of COVID-19 (complete)~~
3. First confirmed case of community transmission
4. Incident-related death
5. Medical facilities have 2-4+ COVID-19 Patients
6. Critical shortage of mission essential resource
(≤ 1 resupply cycle remaining)
7. Critical personnel shortage (< mission capable)
8. Disruption of supply chain
9. Occurrence of an additional emergency
10. Multiple non-related cases of COVID-19
- ~~11. (draft) Medical facility testing capacity exceeded~~

Each CIR links to a contingency plan

The CIR is a triggering event that will activate its associated contingency plan.

Allows pre-planning of actions, personnel, and resources for quick deployment when the event occurs.

Details thought out before the situation is urgent

Example: CIR #5 Occurs

Execute CONPLAN 5a

Activate Alternate Care Site

Inform State EOC

Increase resupply of consumables

Oxygen

PPE

Cleaning Supplies

Notify First Responders
